

### Juego de Cerditos

Print game board using full screen option.

1. Pair up students. Each pair will have one copy of the game board between them. The students will be playing against their partner.
2. Each partner should have a different writing utensil-pen, pencil, marker, highlighter, etc..
3. To start, have students put their hands palm down on their desks.
4. For this particular board, call out the word in Spanish. Students then try to find the word in English. Once a student finds the word, they immediately put their finger on the pig.
5. You then give the correct answer. If the student has correctly identified the pig, the pig is 'his/hers' and they color it in with their writing utensil. If the student was wrong, then both of them get to find the right pig (it gets a bit intense here).
6. Partner with the most pigs wins!

This could be used many different ways-vocabulary, verb conjugations, etc...

1. Yo DAR = di
2. Tú TENER = tuviste
3. Él DECIR = dijo
4. Nosotros VER = vimos
5. Ellos HACER = hicieron
